O R D E R:

In paragraph 4 of the order cited as item (1) above the Government accepted the suggestion of the Registrar of Cooperative Societies that weavers Cooperative Societies should be composed of weavers only. In Government Memorandum cited as item (2) above the Government approved the instructions issued by the Registrar of Cooperative Societies that master weavers should be allowed to draw yarn from the Societies only for the looms actually worked by them or members of their families and that the cooly weavers working under master weavers should be admitted as separate members and supplied yarn for their looms. The Registrar of Cooperative Societies has represented that there are certain cases where master weavers have been members of Weavers Co-operative Societies without any of their looms being supplied with yarn by the Societies and that in a few exceptional cases their presence in the Societies is necessary in the interest of the Societies in view of their experience in the handloom trade. The Director of Controlled Commodities has agreed with this view. The Government accept the Registrar's recommendation and permit him to allow in exceptional cases, such of the master weavers as have been members of Cooperative Societies without any of their looms being supplied with yarn, to continue as members of the Societies.
